INDUSTRY LOCATING HERE

Overalls and Shirts will be Manufactured in Bacon Arms Euilding-Thirty-five to Fifty Hands will be Employed-Comes Here from Syracuss.

Norwich is to have another industry, which will be heartly welcomed, and while it will start on moderate lines, it is believed it will more than double its capacity in a year's time. The concern will be known as the Norwich Overall and Shirt company, the partnership being between Bernard Davidson of this city and M. J. Rosenberg of Syracuse, N. Y.

A carload of the machinery was received here on Thursday and part of it taken to the factory. The concern has been located in Syracuse, but through the influence of Jacob Gordon it was decided to locate in Norwich and it adds another to the list of manufacturing interests here. A lease has been taken of the top floor of the Bacon Arms company building in Franklin street from C. W. Comstock, and the machinery is being placed therein. There are about thirty large sewing machines bein ginstalled at the present time and the top floor is about 140x40. For about seven years business in Syracuse and has orders enough ahead to keep it running for two years. The opportunity for getting help being considered better here, the change was decided upon, and within a year's time it is expected that the entire building will be occupied.

At the start about thirty-five hands will be employed, men and girls being required to run the establishment, and this number will gradually be increased to fifty and as the business increase.

The building has had a thorough overhauling at much expense by the owner, C. W. Comstock, and is now in first-class condition, there being new walls on both the east and west sides, while the floors have been relaid and other repairs made.

The concern has salesmen on the road disposing of their product, which is of a high grade. By coming here the number of vacant factory buildings is reduced by one.

Spur.

MADE VICE PRESIDENT Stark Family Reunion Held at Golden Fourth Annual Reunion to Be Held

The Stark family on Thursday held its fourteenth annual reunion at the Golden Spur, East Lyme. About fifty members of the family attended the sathering, which is held each year by the descendants of Aaron Stark of Lebanan. The family, in the course of years, settled around Bozrah, North years, settled around Boarsh, North Plains and Lyme, prospered, and in-creased and now includes a large num-ber of people. Dinner was served in the Spur dining rooms at noon by Mrs. Huntley, and afterwards exer-cises and the annual election of offi-cers were held. Moreau J. Stark of North Plains who has been president

North Plains, who has been president of the association since its formation, was present, and gave an interesting report of the society. The result of the election of officers for the ensuing the election of officers for the ensuing year was as follows:

President, Moreau J. Stark, North Lyme; first vice president, W. H. Geer, Yantic; second vice president, C. S. Jewett, North Lyme; third vice president, F. E. Ackley, Chester; secretary and treasurer, Miss Mary F. Clark, Port Chester; historian, Charles R. Stark, Providence.

NON-ARRIVAL OF MOTORS

DELAYS FACTORY OPENING Expected Silk Mill Will Be Ready for Operating Next Week.

Delays in receiving the motors for the new plant of the Westerly Silk company in the new Industrial build-ing on Franklin street has prevented them from starting the mill as soon as was expected a week ago, but Super-intendent Cole, who is in charge of the intendent cole, who is in charge of the hursday that he hoped to see the heels turning by Monday or Tuesday

Intendent Cole, who is in charge of the installation of the machinery here, said Thursday that he hoped to see the wheels turning by Monday or Tuesday of next week.

Superintendent Cole is on the ground here looking after the fitting up of the new mill, while President Alfred Neuburger has stayed in Westerly to keep running that part of the mill that is yet to be moved here. As soon as the wheels are turning here the Westerly plant will be stopped and moved to the mill in this city.

The motors for the main floor and the basement have arrived, but the motor for the second floor, where it is planned to start first, is expected today and will be at once installed by the electricians from the Eaton-Chase company. They alroady have the 25-Westerly plant will be stopped and moved to the mill in this city.

The motors for the main floor and in the basement have arrived, but the motor for the second floor, where it is planned to start first, is expected today and will be at once installed by the electricians from the Eaton-Chase company. They already have the 25-be horse power motor in on the main floor and the 15-horse power one in the basement. The wiring for the 20-horse power motor on the second floor is all run so that it can be quickly connected when the machine arrives and it put up.

The shafting on the two floors.

The shafting on the two floors is up and is waiting for the special pulleys which can be put on in a few hours as soon as they are received. A set of ten of the most improved spooling

PASSES LEGISLATURE. President Comstock States That Company Secures Everything It Desired -Opposition Disappeared.

In the state legislature on Thursday the bill of the Uneas Power company went through flying. It passed in the house practically unanimously, there being but six dissenting votes. while in the senate everything was while in the senate everything was unanimous. In the house, Representative Dunn of Willimantic spoke against it, but there was a complete flop by the members as soon as they fully anderstood the matter.

It gives the company the right to carry its line through the towns of Windham and Scotland, and also gives the right of eminent domain to take

There were 131 who took in the excursion from this city.

THIRD ANNUAL REUNION

OF BUTTON FAMILY Held at Lincion Park with Fifty Pres ent-Dr. Button Re-elected President and Secretary.

The third and most successful annual reunion of the Button family was held Thursday at Lincoln park with about fifty present, more than more than double the number present a year ago. Ideal weather conditions favored the gathering of the Button descendants and the party was a jolly one, whose entertainment for the day was happily directed by Dr. L. W. Button of Poquetanuck, originator of the reunions, and president and secretary of the association.

The formal exercises of the reunion

The formal exercises of the reunion

The formal exercises of the reunion began at 11 a. m. in the grove, when Dr. Button called the meeting to order, and welcomed them with enthusiasm. In the election of officers he was releiected president and secretary. It was voted to hold the next reunion on August 17, 1916, at Ocean beach, and if stormy to postpone it a week.

When the business was concluded, the chairman went around the circle, calling upon each one for a speech, but no oratorical Buttons were found until the name of Frank M. Marble of Southbridge, Mass., was reacked, he being the only one to respond, and doing it in a way that pleased and entertained them all. Dr. Button then presented a paper full of interest upon the discoveries of Admiral Sir Thomas Button, the navigator and explorer of Endson bay and Under the State of the Wash of the Carry of the State of the way postlam acts in the worst cases of ectoms, and in curing acne, herpes, biotches, tetter, piles, salt rheum, rash, barber's and other forms of itch, scaly scalp, and all surface skin afteriors.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth speet, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion over-night and remove pimple in twenty-four hours.
